Its workspace
Notes in memory/, 51 helper files in lib/ that it wrote itself, git history (121 commits), and, from the start, the earlier paper and strategy guides drawn from it.
A camera
Researchers only: a frame every 10 s. The agent never sees it.
reads, edits
reads the world
One Claude Opus 5.5 agent
A general-purpose coding agent in Claude Code. Nothing specific to Minecraft. Plays the player opus.
writes
A JavaScript program
Seconds to minutes of actions: walk, mine, craft, fight.
A Mineflayer bot
An open-source library that controls one player in the game.
A Minecraft server
Java 1.20.4, survival on Easy, from a random seed.
Text back: position, health, inventory, what it found, or the error
No pixels, no keyboard, no mouse
